2022 Oregon Cancer Ski Out

Thank you for participating in the 2022 Oregon Cancer Ski Out. This is my 20th year of photographing this inspiring event. The changes in the event format this year mean changes in my photography program. These changes will result in increased photography benefits for everyone.

In previous years, I made photos available for purchase. This year, your participation in the event includes team and action photos for all skiers/snowboarders competing in the race.

Here is how the new photo program works:

As in the past, I will take team photos at the bottom of the courses during the first run on event day, Sunday, March 13, 2022. I will then take action photos of all racers in the second run. After the event concludes, I will edit the photos and post them to my Google Drive where each team leader will be invited to access them. The high-resolution digital photos that will be available to the team leader will include the team photo (with an overlay of the event, year, and team name) and 2 action photos of each racer (my selection). These photos are released for personal uses by the team members and may also be used by the team sponsors for promotion use. Also, all photos will be posted to my website for review. The link is: **brianrobbphoto.com/2022-events/2022-oregon-cancer-ski-out** The link is also accessible from my home page (brianrobbphoto.com) under 2022 events. Additional photos other than the ones I provide to the team leader are available for purchase for \$10 each. To purchase additional photos, I just need to receive an email with the photo numbers and a PayPal payment for \$10 per image purchased. There is a link on my homepage with PayPay information.

Please send me an email with any questions you have or contact me in person on race day.

Thanks and see you at Mt Hood Meadows on March 13th!

Brian Robb
